Starting A Journey Towards
Better Science Events

Azurigen Management and Consulting Solutions Inc.

We are a Scientific Project Management firm. Providing Business skills, management insight, and consulting services to Scientific groups.

We were founded in September 2016 because of the growing need for sound management in scientific projects.

We are a fully incorporated and insured business based in Canada that does work Internationally.

What Is Azurigen?

Travis Nielsen CEO, B.A., B.Sc., M.Sc.

10+ years academic experience

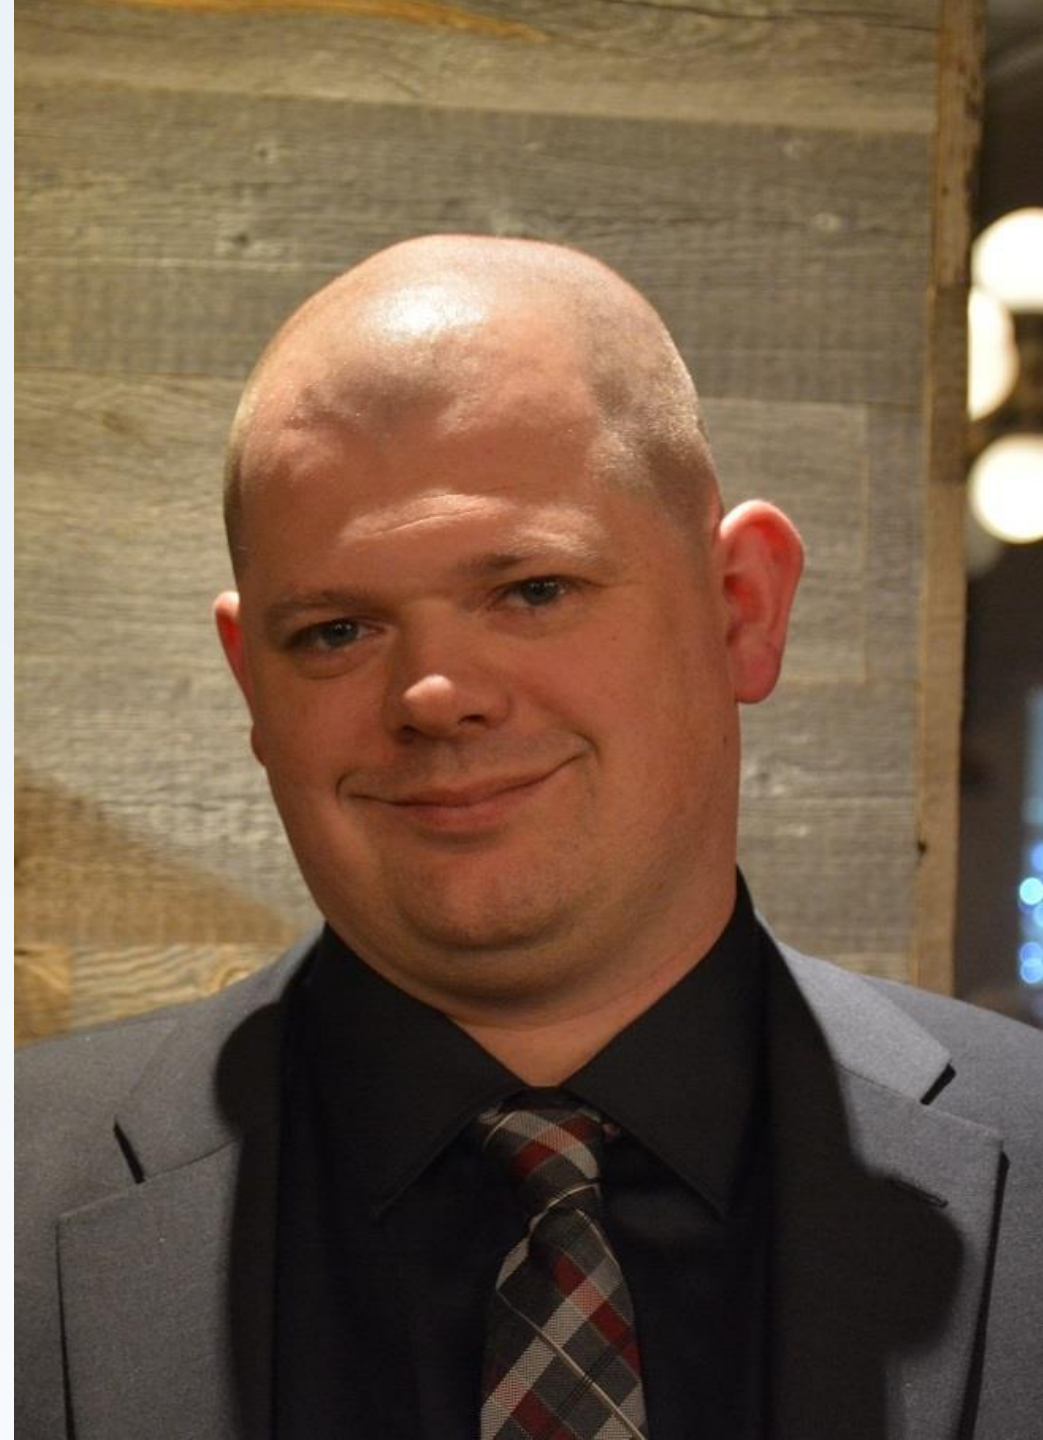

10 years in Biology, 2 publications.

10+ years of leadership, management,
and entrepreneurship experience.

Travis started Azurigen after helping his
academic colleagues manage their
various projects.

It has grown rapidly with \$70,000.00
revenue in the first fiscal year.

About Our Founder/CEO

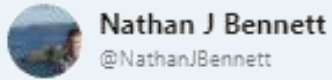

We offer an in-depth, made-to-order approach to event management

Using data gathered from in depth research, we provide expert consultation to make the best possible decisions for your event.

We offer a full scope of management services for your events, including: budgeting, scheduling, admin, contract negotiation, website updating, venue, F&B, etc.

What We Offer

We are mobile, adaptable and efficient.

Instead of just creating a great conference, we focus on fostering a strong community between local groups, the organizers and your delegates for an unforgettable experience.

We believe each conference is different and we adapt successful approaches so that they best fit what your organizing committee wants, developing new initiatives where appropriate.

Why We Are Unique

Past Event – IMCC4

Held in St. John's, NL, Canada

~720 Attendees
